Purpose

This template will aid LEAs in the development of a program plan as required by *EC* Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child and students' Social and Emotional Learning (SEL) and development.

Definitions

“Expanded learning”:

Expanded Learning refers to before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year. (See [EC Section 8482.1(a).])

“Expanded Learning Opportunities”:

Expanded Learning Opportunities has the same meaning as “expanded learning” as defined in EC Section 8482.1. “Expanded learning opportunities” does not mean an extension of instructional time, but rather, opportunities to engage pupils in enrichment, play, nutrition, and other developmentally appropriate activities. (See [EC Section 46120(g)(1)].)

Expanded Learning is currently funded through After School Education and Safety (ASES), 21st Century Community Learning Center (CCLC), and ELO-P.

Educational Element:

An educational enrichment element may include, but need not be limited to, fine arts, career technical education, recreation, physical fitness, and prevention activities. Activities may also include hiring literacy coaches, high-dosage tutors, school counselors, and instructional day teachers and aides to assist pupils as part of the local educational agency's program enrichment activities. (See [EC Section 46120(d)(3)])

Enrichment Element:

These opportunities may include arts, career technical education, recreation, technology, and more. The United States government has provided examples of tools and resources that can support positive youth development. Those tools and resources can be found at <https://youth.gov/youth-topics/positive-youth-development>.

Off-Site Locations:

Off-Site or Non-LEA Sites include a physical location other than a school campus or other facility associated and operated by the LEA.

Plan Instructions

Development/Review of the Plan

Collaborating with Partners

LEAs are encouraged to work collaboratively with partners and staff to develop and review the program plan. The LEA is responsible for the plan and the oversight of any community partners or subcontractors. The LEA should include partners in the development and review of the plan.

Quality Programs

The Expanded Learning Division adopted the Quality Standards for Expanded Learning in California and introduced requirements for Continuous Quality Improvement (CQI) to help programs reflect on **program goals, program content, and outcome measures**. Additionally, to be intentional about program management practices and activities delivered to students, LEAs should download and reference the Quality Standards to provide ongoing improvements to the program. You can find information about the Quality Standards on the California Department of Education Quality Standards and CQI web page at <https://www.cde.ca.gov/ls/ex/qualstandcqi.asp>

Completing the Program Plan

To create the program plan, provide a narrative description in response to all of the prompts listed under each Quality Standard (Program Goal) and General Question below. The LEA may customize and include additional prompts, such as describing SEL activities or refining the plan.

In addition to the narrative response, include tables, charts, or other visual representations that contribute to the understanding of the ELO-P. As needed, include attachments as addenda to further illustrate and respond to the prompts.

Due Date, Approval, and Posting of the Plan

Program Plan Due Dates

All LEAs currently operating an ELO-P should have a Program Plan in place. See below for requirements for revising. It is the CDE's guidance that LEAs who receive ELO-P Funding for the first time must adopt a program plan within six months of the first apportionment of funding. The CDE may issue guidance on the development of a program plan (See [EC Section 46120(b)(C)(2)]).

Approving and Posting Program Plans

It is the CDE's guidance that this Program Plan needs to be approved by the LEA's Governing Board in a public meeting and publicly posted on the LEA's website within 30 days of approval.

Revisions/Changes

Reviewing and Revising Program Plans

The LEA is responsible for creating, reviewing, and updating the program plan every three years in accordance with EC Section 8482.3(g)(1). The program plan template guide is considered a living document that is periodically reviewed and adjusted to reflect the needs of the community, updates to the law, and to provide continuous improvement in the development of an effective ELO-P.

It is recommended that the plan be reviewed annually. If there are substantive changes to any aspect of this plan it should be updated sooner than the three year timeline.

1—Safe and Supportive Environment

Physical Safety

Describe how the program will provide opportunities for students to experience a safe and supportive environment. Include if the program will be offered on the school site or off campus. If not onsite, describe where in the community it will be and how students will be supported to get there. Additionally, describe the elements such as staff training, incident reporting, and maintenance of health records.

Woodland Star Charter offers ELOP programming on site only. Students are well supervised in multiple locations throughout campus. The primary locations are the Aftercare Room for grades 1-6 and Morning Glory classroom for TK and Kindergarten. Tutoring is held in the library and special education classroom. Special activities are held in the multi-purpose room and Art room. The grades playground and field are used for outdoor activities. Morning care is held in the multi-purpose room. Each group is equipped with walkie talkies to maintain contact with one another.

Emotionally Safe & Supportive

Describe how the program provides an emotionally safe and supportive environment for students. This may include how the program incorporates social emotional learning.

Students are led to navigate social issues in healthy conversations with one another. Staff communicates regularly with non-ELOP personnel to identify peer conflicts that intertwine between regular school day and before/after school programming. School rules and expectations are the same as ELOP programming.

2—Active and Engaged Learning

Explain how the program will provide opportunities for students to experience active and engaged learning that either supports or supplements, but does not duplicate, the instructional day.

During school day programming, tutoring is available to students in grades 4-6

allowing focused adult led group learning supports. Arts and craft projects are regularly offered during extended hours. During summer ELOP programming, students in grades 1-6 who have been identified as needing ELA and Math intervention are invited to small group intensive classes. Other programming includes sports activities.

3—Skill Building

Detail how the program will provide opportunities for students to experience skill building.

4—Youth Voice and Leadership

Describe how the program will provide opportunities for students to engage in youth voice and leadership. Consider and describe what opportunities youth have to lead activities or provide mentorship within the program. Address how youth are included in program quality assessment and improvement.

5—Healthy Choices and Behaviors

Explain how the program will provide opportunities for students to engage in healthy choices and behaviors. Include the plan to provide nutritious meals and snacks and how opportunities for physical activity will be provided.

School day programming includes a healthy snack, generally fresh fruit, vegetables and a snack protein. During break offerings, both a full breakfast and lunch are provided and includes a vegetarian option. Morning ELOP integrates with our breakfast program (grain of the day) and meets federal breakfast guidelines.

6—Diversity, Access, and Equity

Describe how the program is designed to address cultural and linguistic diversity and provide opportunities for all students to experience diversity, access, and equity. Include how the ELO-P will provide access for students with disabilities.

All unduplicated students are welcome to attend ELOP programming. In the 2025-26 school year 55% of ELOP staff is Spanish/English bilingual and all tutoring staff work with students of disabilities during the regular school day.

7—Quality Staff

Staff Engagement

Detail how the program will provide opportunities for students to engage with quality

staff.

Minimum Staff Qualifications

What are the minimum qualifications of an instructional aide pursuant to the policies of the LEA? Describe the process for health and safety screening for staff. Describe how your program will maintain minimum staffing ratios. (See [EC Section 46120(b)(2)(D)]).

Staff qualifications depend on position though most ELOP personnel perform other duties on site including Certificated Substitute, Special Education Coordinator, Interventions etc. All ELOP staff undergo the same screenings as regular school day employees. WSCS has employed Brightwheel to monitor staffing ratios.

Staff Development

Describe your staff training and development plan. Include the tools and resources offered to staff to provide them with the competencies needed to engage and enrich students. LEAs operating ASES, 21st CCLC, and/or the ELO Program, may close program to offer up to 3 days of staff development. This activity is allowable during the instructional days or the nonschooldays. (See [EC Section 46120(b)(8)]).

State required trainings are offered though the Public School Works platform. Other trainings are available by request.

8—Clear Vision, Mission, and Purpose

Explain the program's clear vision, mission, and purpose.

To provide on-site free, quality care and learning opportunities while maintaining Waldorf principles.

9—Collaborative Partnerships

Students and Families

Describe how students and families were involved in the creation of the program plan and how they are engaged throughout the year.

Woodland Star Charter has offered a before and afterschool program for long before ELOP was created. It's development was based on parent request. We include these programs within our annual survey to students and families and use results to help shape the program.

Community Based Organizations and other Non-LEA Partners

Describe how the LEA engaged Community Based Organizations and other non-

LEA partners to design the program plan and how they will be included in the administration/implementation of the program. Include how ELO-P will be coordinated with other initiatives such as Community Schools, Multi-Tiered Systems of Support.

Intervention and special education personnel make recommendations for additional academic support through tutoring and summer learning opportunities. Woodland Star does not integrate with other community based organizations for programming.

10—Continuous Quality Improvement

Describe the collection and use of student social, behavioral, or skill development data to support CQI, to engage in reflection and be intentional about program management practices and activities delivered to students. Data outcomes may relate to specific social-emotional competencies, including, but not necessarily limited to, social skills, self-control, academic mindset, perseverance, conflict resolution, and school connectedness. More information on CQI can be found on the CDE Quality Standards and CQI web page, as previously provided.

11—Program Management

Policies and Procedures

Include as an addendum (or hyperlink) any approved program policies, procedures, or manuals. This should include documentation and record-keeping practices, including enrollment/registration, attendance tracking, etc.

Budget

Provide your budget for the program including cost-share items. The LEA is required to ensure all costs charged to the program are reasonable, necessary, and allowable in accordance with applicable statutes, regulations, and program plans for the Expanded Learning Opportunities Program³. How does this budget reflect the needs of students and families within the community?

See attached

Provide a detailed description of how the LEA will ensure the proper implementation of the above requirements.

Woodland Star Charter runs both a paid and free program simultaneously. Students who qualify under ELOP are communicated from the office to the program director. ELOP students are not charged registration or participation fees. Both the program director and office have access to billing information to ensure that this is upheld.

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees

ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent programmatic requirements will be adopted for program guidance.

Do you have an ASES Grant? ☐ Yes ☒ No

Do you have a 21st CCLC Grant? ☐ Yes ☒ No

If one or both grants are held, describe how these funding sources will be leveraged with the ELO-P funding to create one comprehensive and universal Expanded Learning Program.

Transitional Kindergarten and Kindergarten

Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil-to-staff member ratio of no more than 10 to 1. (See [EC Section 46120(b)(2)(D)]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally informed to address this younger age group?

Offer and Provide Access

Describe how your LEA will offer ELO-P to their pupils and families using culturally and linguistically effective/appropriate communication channels. Describe how your LEA will provide access to the ELO-P by describing the enrollment process. Include the distribution of the form, signature process, and how the forms are stored. Will transportation be provided?

Most communications for the ELOP program are done through ParentSquare which translates to the user's primary language. Most staff is Spanish/English bilingual.

Field Trips

Field trips for entertainment purposes are not allowable. However, field trips can be a valuable educational and enrichment experience for youth. Field trips should be connected to the academic or enrichment program and provide an educational experience from which students can grow academically or culturally.

ELO-P funding can only be used for educational field trips that are coordinated and provided by the ELO-P. The educational field trips should be directly connected to the academic or enrichment components of the ELO-P. ELO-P funding cannot be used for field trips provided or coordinated by the core instructional day. ELO-P Field trips must follow ELO-P program requirements, such as maintaining ratios and ensuring staff meet the minimum requirements for an instructional aide based on district policies. The LEA should also follow local policies and procedures related to field trips.

Describe the purpose of the field trip and learning outcomes intended. Include the specific knowledge and skills students will develop. Include the field trip location and its educational significance. Include the anticipated dates(s), duration of the trip, grade level(s) participating, and transportation arrangements.

NA

Program Fees

Every student attending a school operating a program is eligible to participate in the program. Programs may charge family fees. Programs that charge family fees shall waive the cost of these fees for students who are eligible for free or reduced-price meals, for a child that is a homeless youth, as defined by the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. Sec. 11434a), or for a child who the program knows is in foster care. A program that charges family fees shall schedule fees on a sliding scale that considers family income and ability to pay.

If applicable, describe your fee structure, including the process for waiving fees as outlined above and your sliding scale. If no fees will be collected please write that in the space provided.

ELOP programming is available for free for students in grades TK-6 th grade who qualify for free or reduced lunch. Families under financial hardship but who do not qualify for free or reduced lunches may apply for scholarship through the school's office. Students in grades 4-8 may attend afterschool tutoring which is free for all students regardless of household income. Reduced summer camp fees are offered for students who are identified as requiring intervention but whose household income is outside of the free/reduced meal threshold and no fees are charged if only intervention classes are attended.

Sample Program Schedule- Regular Schoolday

Please include a sample program schedule that describes how the ELO-P or other fund sources, including the California State Preschool Program for children enrolled in transitional kindergarten or kindergarten, and all other grades, will be combined with the instructional day to create a minimum of nine hours per day of programming (instructional day plus ELO-P or other supports). **Programs are required to include both an educational and enrichment element; the sample program schedule should clearly identify that this requirement is met.**
